1. Between 8 a.m. and 1:45 p.m. on 10 February 1953, 16 canvas-covered MiG-15s, 2 biplanes, and 2 single-engine planes with radial engines were observed at Parndorf (P 48/X 77) airfield. Little activity was observed near the planes. The field was almost free of snow. There was a 10/10 overcast, good visibility and a north-westerly wind of about 15 km/h. No air activity was performed.
2. Six AA guns with flash hiders were observed in the AA gun emplacements which were guarded by sentries wearing red-bordered black epaulets. Nine motor vehicles were observed in the garages. Ten trucks were
